PERMITIUM STATUS' AND PROCESSING STEPS:

- ❖ Upon Permitium's acceptance of an application it is marked **Payment Received**
- ❖ Legal Clerks process applications in date and time submitted order. Processing times vary from application to application. It depends on the complexity of details and information required as well as wait times to receive information requested. Agencies differ in the time it takes to receive, process and provide requested information.
- ❖ After Legal Clerks complete their portion of processing applicant information through a variety of programs, sending background checks to other agencies and/or requesting copies of reports from other agencies, they follow up on requests made and make the correct notations in Permitium after receiving and uploading all information gathered for review. After Legal Clerks have completed their portion of the process, the application is set to either:

Pending Appointment- New Applicants only

- Changed to **Appointment Complete** after appointment with Legal Clerk is concluded and Live Scan (fingerprints) have been taken. At appointment time applicants are given a **Quick Guide** with condensed information pertaining to the process. Each point is gone over and they are asked if they have any other questions or concerns at the conclusion of the appointment. Any questions are addressed and answered at this time.
- Then fingerprints are taken and Live Scans are submitted to DOJ.
- Then we wait on DOJ to return Clearances Times varies but the majority of applicants fall somewhere between 4 ½ to 6 months. Others trickle in earlier or need to be reprinted and others have taken over a year. At this point we follow up on any missing information needed to complete the background check.

All permits are issued on Thursdays and Fridays (excluding holidays) between the hours of 8 am & 3 pm. Mondays, Tuesdays and Wednesdays are reserved for New applicant appointments and for processing applications. Closed on Saturdays and Sundays.

Quick Guide for New Applicants

1. A **completed** application with **weapon/s** information, a valid safety **training certificate**, **Sheriff's approval** and all **fees** must be paid before your CCW permit can be issued.
2. We recommend **not** taking your safety training course until Sheriff approves your application. Safety certificates are only good for six months and sometimes it takes longer than six months to receive information back from the DOJ. If the safety training certification expires prior to Sheriff's review and/or approval, it will not be accepted and another valid safety training certificate will be required.
3. **If** you do not hear anything or see any progress when checking your application (via the "Order Tracker) **after six months** of your appointment date, **you must advocate for yourself**. Permitium does not red flag your application. You must call 209-525-7135 to notify us. Please leave a clear message with your name, order number sounded out phonetically and a working call back number capable of receiving voice messages. CCW clerk/s will advocate on your behalf with the DOJ from there.
4. Applicants are responsible for checking their applications, via the "Order Tracker" link (provided by Permitium upon acceptance of their application) periodically for messages and to check the status of their application. Applicants will be able to see if uploaded items have been received but they will not be able to open or delete uploaded documents nor make any changes to the application.
Applicant's will have **six** months after Sheriff's approval date to pay the final fee and to complete a safety training class/course and upload the safety training certification into their Permitium application. You can upload the safety training certification by scanning it or by signing into the "Order Tracker" with a phone that has a camera feature. It is very similar to mobile banking. Click add file, click the camera icon, take a photo of the certificate, use the photo if it is clear and legible, click use or tap OK and then click upload. After the upload has successfully completed remember to scroll down and click the green "**update progress**" tab to ensure it **saves** to your account.
5. Course providers are listed on the Stanislaus County Sheriff web site: scsdonline.com. We recommend being proactive enrolling after your approval notification. Providers are often booked three or more months out.
6. After the application has (1) been approved by Sheriff, (2) applicants have paid the final fee and (3) applicants have successfully uploaded and clicked the "update progress" to save a current safety certification to their CCW application the CCW permit is available for issue.
Permitium **does not** send another notification as it is the applicant's responsibility to follow the instructions provided in the approval email. After your permit is available for issue you will have three months to pick up your CCW Permit. If applicants do not pick up within three months their CCW application will be withdrawn and per Permitium policy no refund will be forthcoming.
7. Pick up days are Thursdays and Fridays between the hours of 8 am & 3 pm, (excluding holidays).
8. Appointments are not necessary. CCW permits are issued on a first come first serve basis. We recommend you make arraignments with your employer in advance if you will need some time off on one of those days as we **do not** issue on Mondays, Tuesdays, Wednesdays or weekends.

NOTE: Once applicant's become renewing applicant's they do not need to schedule a date and time as it is a virtual appointment. You will **not** be prompted to select an appointment date or time. Your renewal application should be submitted no more than ninety (**90**) **days** prior to your expiration date. Renewal applications are processed in the order they are received. You may include a valid current safety training certificate along with the required current photo ID and proof of residency at the time of submission to streamline the process or you will have six (6) months to provide your safety training certificate following your renewal application approval. Business owners, self-employed applicant's, Realtors, Contractors, etc. must submit current licenses or letters upon each renewal period. Permitium is a print on demand program which means it begins the day you pick up the permit. Unless you have a reason to pick up your renewal CCW Permit early, wait until you get closer to your expiration date so you do not lose any time already paid for. Permitium will hold your CCW for six months after you have been approved. If not picked up your application will be set to be withdrawn and once withdrawn, per Permitium policy no refund will be given.
