AVERAGE RESPONSE TIME FOR PRIORITY 1 CALLS

Due to the shortage of resources and the goal of achieving effective workflow, calls are prioritized based on circumstances that a reporting party provides a call taker at the dispatch center.

Response time is defined as the time interval between when a call is dispatched to a Deputy-Sheriff and when the Deputy-Sheriff arrives at the scene.

Priority 1 call is defined as the highest priority in which an event is in progress or just occurred and there is an immediate threat to life or great bodily harm (e.g, active shooting, burglary in progress, etc.)

Average response time for priority 1 calls has decreased in the unincorporated area and contract cities, like Riverbank and Waterford.

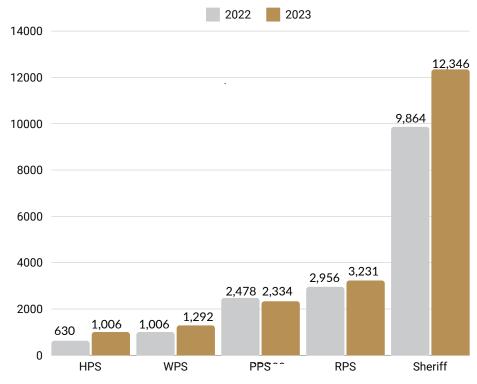

Compared to 2022, the average response time in 2023 decreased by 3.5 % in the unincorporated area.

CALLS FOR SERVICE (CFS)

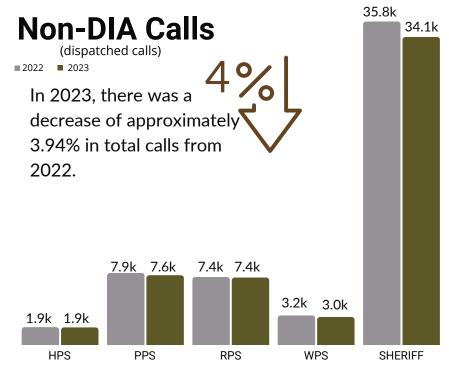

Deputy-Initiated Activity (DIA)

In 2023,
Deputy
-Initiated
Activity (DIA)
increased by 19.3%.

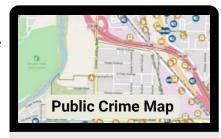

The increase in Deputy Initiated Activity (DIA), in conjunction with a decline in Non-DIA incidents, may point to the success of our proactive policing initiatives. This positive shift potentially reflects enhanced officer presence and a heightened commitment to preventative crime measures.

CRIME INCIDENTS

There is a Public Crime Map application available for residents. The <u>guide</u> will help you navigate the application. Please visit the link below.

The Uniform Crime Reporting (UCR) Program generates reliable statistics for use in law enforcement. It provides information for students of criminal justice, researchers, the media, and the public. The program provides crime statistics since 1930. Stanislaus County complied with the program, and all reported crimes are indexed accordingly.

The table below shows the yearly totals of the UCR Part 1 crime index. Compared to 2022, the total number of UCR Part 1 crimes decreased in 2023. The overall total of reported UCR Crimes in 2023 decreased from 2022 by 4%.

USE OF FORCE

The Stanislaus County Sheriffs Office requires a Use of Force report on all incidents when force is used. Not all use-of-force incidents result in injuries. Use of force includes a physical control hold, restraint device, take down, and/or the use of a weapon. A supervisor reviews all use of force reports to ensure the use was appropriate and within the guidelines of the Sheriff's Office policy and the law (visit <u>Policy, Training, & Legislative Affairs of the Stanislaus County Sheriff's Office</u>). If a deputy misused force, an internal affairs investigation is conducted. The deputy could receive training, discipline, or termination. A separate criminal investigation could be initiated, leading to prosecution if it is determined that a violation of law/civil rights occurred.

In 2023, there were 252 incidents in which force was used. These incidents were reported from the Operations Division.

BY THE NUMBERS

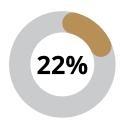

413

deputies were involved in 253 use of force incidents in 2023.

Of 252 primary deputies using force, 56 had less than 6years experience working in law enforcement.

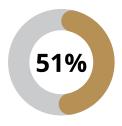

117 subjects were actively resistant to law enforcement commands.

Of 252 primary deputies who used force, 243 were male.

209 subjects were male.

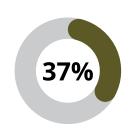

Of 252 primary deputies who used force, 129 were White.

149 subjects were perceived to be Hispanic.

Of 252 Use of Force incidents, 230 resulted in the arrest of offender(s).

89 subjects displayed signs of mental disability, or drug/alcohol impairment.

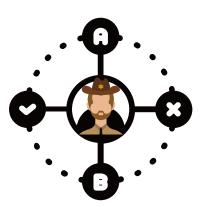

USE OF FORCE TRAININGS

The Stanislaus County Regional Training Center implemented multiple de-escalation and decision-making trainings. This includes stress inoculation scenario training and the use of the Force Option Simulator. During stress inoculation training, participants are presented with multiple split-second scenarios to improve their decision-making skills. The Force Option Simulator is used to put participants in real-life incidents and educate them better in de-escalation skills and the decision-making process. The aim is to give participants the skills that help them understand decisions, define problems, evaluate options and make the best choices.

"There's a moment when you have to make a splitsecond decision that will form you for the rest of your life."

Dash Mihk

"Sir, Are you okay?"

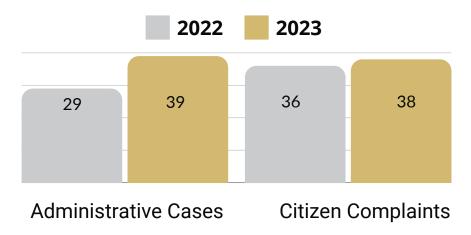

"What can I do to help you?"

"I am here to help you, not to hurt."

INTERNAL AFFAIRS

Information includes data collected and verified by the Internal Affairs Division on February 27, 2024. The received dates of cases are generated in accordance with when the complainant reported the event to the Internal Affairs division. The following reports are based on cases with a noted received date between January 1, 2023, and December 31, 2023. Use of force reports are made on all incidents when a deputy uses force on a civilian (takedown, physical force, taser, baton, impact weapons, and deadly force). The report does not indicate that/if any administrative violations occurred. If a use of force is flagged for possible violations, it will be referred to Internal Affairs.
