Stanislaus County Sheriff's Department
Crime Analysis Unit

Introducing:
Stanislaus County Sheriff's Department "Calls for Service"

Stanislaus County Sheriff's Department: Calls for Service is an interactive mapping application, which serves a tool for the public to understand the magnitude and trend of calls for service occurring in the department's jurisdiction for the **last 30 days**.
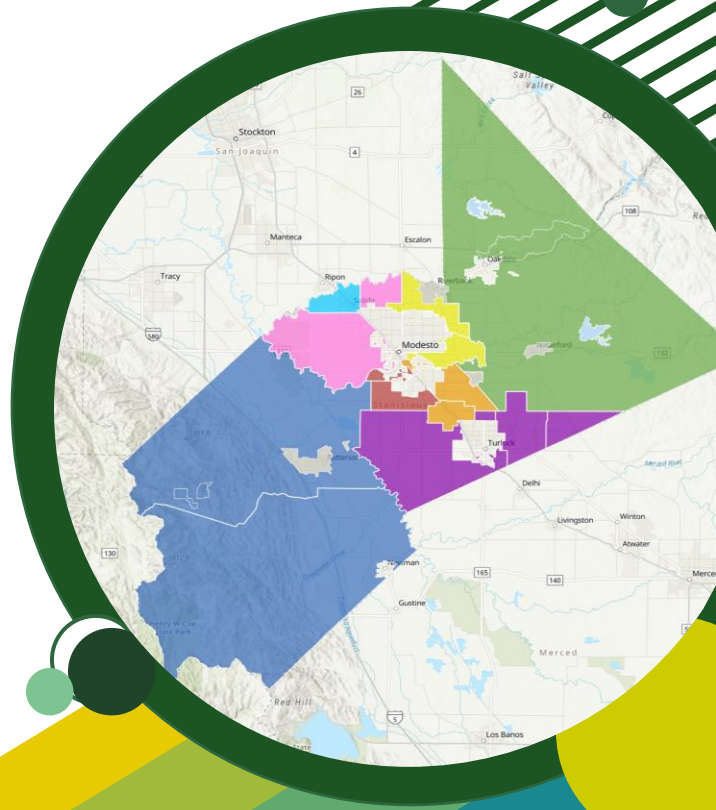

Map Usage Disclaimer

Data and information on this application are for informational/preliminary regional research purposes and may not have been prepared for or be suitable for legal, commercial or administrative purposes without additional reviews by the department. The department makes no warranty as to the accuracy of the data nor assumes any liability for its use.

Data Summary

This interactive application is designed to provide the public with as much valid and reliable information on calls for service received for the last 30 days. Locations are deliberately offset to the nearest and intersection node to protect the privacy of parties involved.
